PEEF and the Baby Sister is a children's picturebook about a young boy, a multicolored teddy bear, and the boy's baby sister – as told from the teddy bear's point of view! PEEF the teddy bear is used to having fun with the boy, his Best Friend; when the baby sister enters their lives, they enjoy making her laugh with their magic tricks and shows. But when baby sister doesn't feel well due to the stress of teething, PEEF and his Best Friend find a way – the one way – to make her feel better. By giving her PEEF to have, hold and keep. A delightful story with an important lesson about sharing joy through selfless giving, PEEF and the Baby Sister is highly recommended.
