Reading With Dad

Written by
Richard Jorgensen
Illustrated by Warren
Hanson

Waldman House Press,
2000, \$15.95

Reading With Dad is a beautiful tribute to dads who share books with their children. Give this book to

new dads or soon-to-be dads. Add it to a gift list for dads who may have been missing out on storytime. It's never too late. This tale of a father and daughter, from youth to old age, can't help but inspire a lifetime of reading books together. Illustrations are captivating and heartwarming and dad's genuine laugh bursts off the printed page. The words hold a charm that reflects the pure satisfaction of books shared.
